

Students and Teachers from B.P. Chaliha College's Department of Economics Embark on Educational Tour to Shillong

Date: 12-09-2023 to 13-09-2023

Location: Shillong, Meghalaya

In an endeavor to broaden the academic horizons and gain firsthand insights into socio-economic landscapes, students and faculty members from the Department of Economics at B.P. Chaliha College undertook an enriching educational tour to the picturesque city of Shillong, Meghalaya.

The educational tour commenced with an early morning departure from Nagarbera, with eager students and accompanying faculty members filled with anticipation for the enriching experiences awaiting them in Shillong.

Throughout the tour, participants had the opportunity to immerse themselves in the vibrant socio-economic fabric of Shillong. Visits were organized to local markets, where students interacted with traders and artisans to gain insights into the region's economy and entrepreneurial endeavors.

In addition to academic pursuits, the tour also provided a platform for cultural exchange and immersion. Students had the chance to explore the rich cultural heritage of Shillong through visits to heritage sites, museums, and traditional arts and crafts centers.

Interactive sessions and discussions were held with local experts and community leaders, allowing students to delve deeper into regional economic challenges, developmental initiatives, and sustainability efforts undertaken in the region.

The educational tour culminated in a reflective session where students and faculty members shared their experiences and insights gained during the trip. It provided a platform for students to contextualize theoretical knowledge acquired in the classroom within real-world scenarios, fostering a holistic understanding of economic dynamics.

The educational tour to Shillong proved to be a transformative experience for students and faculty members alike, offering a blend of academic exploration, cultural immersion, and experiential learning. It underscored the college's commitment to providing holistic education and fostering a spirit of inquiry and exploration among its students.
