

Student-Alumni Interaction Programme on Research and Higher Education, 2026

The Department of Assamese, B.P. Chaliha College, Nagarbera organized an informative academic interaction session for undergraduate students on 04.04.2026. The session was conducted by Mr. Taher Ali, an alumnus of the department, who is presently pursuing research as a Research Scholar in the Department of Assamese, Gauhati University. He qualified the UGC-NET examination with JRF in 2023.

During the programme, Mr. Taher Ali delivered an insightful lecture on various important academic aspects such as research methodology, preparation for PG entrance examinations, and the research environment in universities. He shared his personal experiences and guided students regarding opportunities in higher education and research.

He also emphasized the importance of critical thinking in the field of research and encouraged students to develop analytical skills for academic excellence. The session proved to be highly beneficial and motivating for the undergraduate students, helping them gain a clearer understanding of research and future academic prospects.

The programme concluded with an interactive discussion where students actively participated and clarified their queries regarding higher studies and research opportunities.
